**CASE REPORT****NARRATIVE**

Assault 4<sup>th</sup> Degree  
Officer Mades #389  
Case #17-5221

On 2-12-17 I was working uniform patrol in the City of Kirkland, County of King, State of Washington. At approximately 1619 hours I was dispatched to a cold assault which occurred at Fairfax Hospital (10200 NE 132<sup>nd</sup> St. Kirkland, WA 98034.)

Upon arriving I contacted the nurse at the front who showed me the video of what occurred. The time on the video was 1453 hours. The video showed a female patient (later identified as 2 - Non-Disclosure) walking past one room and turn into her room. As 2 - Non-Disclosure was entering her room a female patient (later identified as 2 - Non-Disclosure) came out of the first room 2 - Non-Disclosure had passed and followed 2 - Non-Disclosure into her room. I observed 2 - Non-Disclosure grab onto 2 - Non-Disclosure and appear to punch her with a right fist. The view of the video was partially obstructed since the fight happened in the room and video only shows the entrance to the room. It appeared 2 - Non-Disclosure turned around and pushed 2 - Non-Disclosure up against the wall to protect herself. Several nurses had to come in and assist breaking up the fight. Through the video it did not appear that 2 - Non-Disclosure provoked an attack in any way. The first nurse to help break up the fight was 2 - Non-Disclosure. There were no actual witnesses to the initial assault. The nurse stated facilities would be able to burn a copy of the surveillance footage but they would not have it till Monday (2-13-17).

I had 2 - Non-Disclosure meet me in a private room. 2 - Non-Disclosure stated the following in a written statement.

"I, give Officer Mades permission to type this statement for me. I am currently staying at Fairfax Hospital located at 10200 NE 132<sup>nd</sup> St. Kirkland, WA 98034 due to an involuntary commitment. I have been here for two days. The co-ed unit I am in there is a female (found out her name was 2 - Non-Disclosure) in the room next to me. On 2-12-17 a little bit before 1500 hours 2 - Non-Disclosure had a violent outburst and destroyed the common phone used by the patients. As I was walking by her room I stated something to the effect of "When you break something like that it affects everyone." As I entered my room I felt a punch to the back of the head and someone grabbing my hair. I turned around to defend myself and saw that it was 2 - Non-Disclosure. I tried pulling my head from her grip, pushed her against the wall, and started punching her in the face with my right fist. Eventually the staff stepped in and helped separate 2 - Non-Disclosure from me. I felt a good amount of pain and some of my hair was ripped out.

I will assist with the prosecution of 2 - Non-Disclosure for Assault."

2 - Non-Disclosure stated she had no lasting injuries.

I had 2 - Non-Disclosure meet me in a private room next. I informed her I was investigating an assault case in

**CASE REPORT****NARRATIVE (continuation)**

which she was a suspect. I read [REDACTED] her Constitutional Rights from my pre-printed Miranda card. I asked her if she understood her rights and if she was willing to continue to talk to me about the situation. She stated yes to both questions. I asked [REDACTED] to explain her side of the story. She stated she was upset because she was not being allowed to call her mother. She stated she picked up the phone and slammed it down which broke it. She went to her room and [REDACTED] passed by "talking shit" and called her a "bitch". [REDACTED] stated she followed [REDACTED] into her room pushed and punched [REDACTED]. We talked about how to control her anger and to ignore others who are talking trash. She stated she understood. I told [REDACTED] that [REDACTED] was pressing charges against her and she would be getting a court date in the mail due to the fact she was involuntarily committed to the hospital.

[REDACTED] was escorted back to her room by the staff. A nurse came back out to contact me after a few minutes and stated [REDACTED] told him she was going to get [REDACTED]. The nurse had to hold [REDACTED] back from assaulting [REDACTED] again. [REDACTED] also tried to spit on [REDACTED]. [REDACTED] was restrained by staff. Another staff member came out and informed me although [REDACTED] was there for psychotic episodes she was fully medicated. She explained that [REDACTED]'s behavior is fully premeditated and she had been trying to fight everyone in the hospital including staff.

Charges of Assault 4<sup>th</sup> Degree Citation #7Z0391556 forwarded to the City Prosecutor's Office.

Case closed by arrest.
